Super Saturday Cinema to Feature Film Based on the "Miracle on the Hudson"

On January 15, 2009, the world witnessed a "Miracle on the Hudson" when Captain "Sully" Sullenberger glided his disabled plane onto the frigid waters of the Hudson River, saving the lives of all 155 aboard.

Even as Sully was being

heralded by the public and media for his unprecedented feat of aviation skill, an investigation was unfolding that threatened to destroy his reputation and his career.

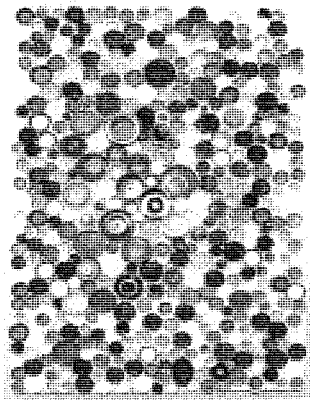

See the movie version of this event on **Saturday, February 18, at 2:00 pm**

at the library.

This film is Rated PG-13 "for some peril and brief strong language".

As always, library programs are free, open to the public and include refreshments.

Summer Reading Club: Request for Supplies

The 2017 theme is "Build a Better World". Can you picture all of the possibilities with that theme?

We're already madly planning and preparing for Summer Reading Club and the biggest challenge so far is whittling down the lengthy list of things we would like to do so we can start gathering sup-

plies.

We could really use your help collecting the following craft supplies:

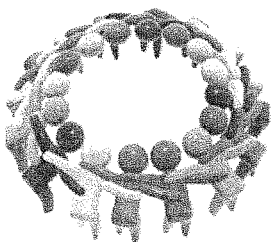

- Clean, dry **toilet paper tubes** (only need 100)
- Clean, **plastic lids** of all colors and all sizes (need lots!) Think soda, peanut butter,

health and beauty, coffee, etc.

Bring clean items to the library at your convenience and **THANK YOU!**

We will communicate when we have enough through FB, the newsletter and the website.

Summer Reading Club: Building our Community

This summer we would like to "build our community" as part of the "Build a Better World" theme.

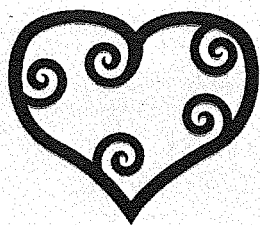

Would you share your gift of creativity with others? It could be in a formal setting (like a class at the

library) or an informal setting like sitting in the recliner at the library and knitting, answering questions from patrons and maybe showing someone how you do what you do. Perhaps you do calligra-

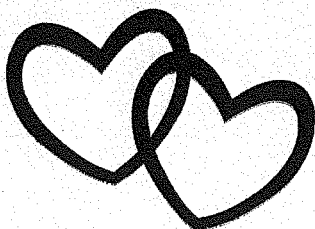

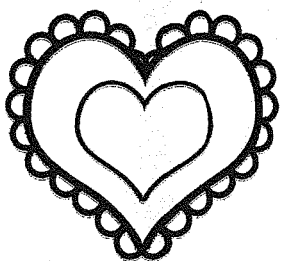

phy, play chess, write poetry or weld. Maybe you are very proficient at using an iPhone and could give a few tips.

The sky is the limit.

Tim and Mary Lou Tiner

Tim and Mary Lou Tiner are part of an international ministry of leadership training, church development, and marriage ministry. They write:

"We are investing in the lives of indigenous leaders, many of whom are serving unreached people groups, or in limited access countries. Currently, we are working in South America, the Middle East, Africa, and Europe. Many of these key leaders have an

unbelievable passion for serving Christ, but they have not received foundational Biblical training. These leaders are hungry, eager learners, who take the material they are taught and reproduce it for their churches and other co-workers. The majority of these pastors and leaders are unable to leave their countries to attend a seminary or Bible college. Through the International Training Institute, (a "Seminary on Wheels") we are able to equip these faithful servants for even more fruitful ministry."

"Together we have also had a significant marriage ministry, as we have led numerous seminars, done counseling, and published a book together on God's plan for marriage, entitled -It Started in the Garden."

What is TNR?

TNR or trap-neuter-return reduces the number of community cats entering shelters and it reduces the number of cats living on the streets. When community cats are spayed or neutered the endless cycle of kittens ends.

These cats are healthier because:

- They are spayed and neutered, this greatly reduces the risk of reproductive cancers.
- TNR'd cats have less desire to roam.
- Less howling and fighting.
- No more heat cycles.
- Reduces or eliminates risk of spraying and or marking.

TNR is the only proven and humane solution. This is a man made problem, TNR is a proven man made solution.

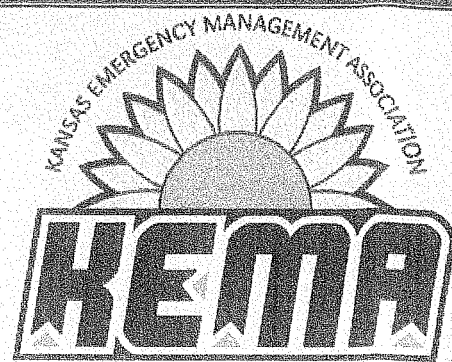

Cats who have ended up on the streets most likely started as someone's pet.

The guardians of these cats either abandoned them, cats were lost or they were left to fend for themselves. TNR answers the public welfare obligations of states, counties and cities by addressing the situation. Just removing these cats from their colony creates a vacuum effect which allows other and more cats to move in.

With TNR and vaccinations these cats will not carry diseases to people and other animals. Some of these community cats can even be adopted to responsible homes or barns where people will care for them. Also these cats provide excellent rodent control.

TNR is the only humane and the most cost effective approach. There are so many benefits to embracing this humane approach. TNR does it all, it creates a better life for both the community cats and the public at large. TNR is endorsed by Alley Cat Allies, Caring Hands Humane Society, Kansas Humane Society and many others! Questions? Comments? Whitewater City council meeting February 27th @ 7:00pm

February is National Spay and Neuter Awareness month. Please don't allow your puppy to have puppies! Please don't let your kittens have kittens! Vouchers are available for Whitewater residents at Caring Hands Humane Society for \$65 towards the spay or neutering of an animal.

Break out your top hats and prepare to buy, rent and sell your way to unlimited wealth at **Monopoly Game Day on Saturday, March 18.**

A morning the whole family can enjoy will include game play and plenty of tasty snacks from **9:30 am - noon** at the library.

"Why is there a Monopoly Game Day at the library?" you ask. Why, to celebrate World Monopoly Day, of course! On Sunday, March 19, the makers of Monopoly will

be announcing the new game pieces chosen by a worldwide vote earlier this year.

Games already collected include Monopoly Jr., Cat-opoly, Farmopoly, Tractor-opoly (John Deere), Monopoly (1950's) and Monopoly 2000.

Bring your own version or play one of these.

We still need 5-6 table hosts/bankers to facilitate game play. Please contact the library if you are interested.

Start Spring Break off on

a high note and **GO** to the library for a morning of fun!

Plan to buy your favorite **Girl Scout cookies** that day, as well. Last chance to get them at the library.

See the New Disney Movie During Spring Break

Bring the whole family to watch the newly released Disney movie on DVD at the library on **Wednesday, March 22, 10:00 am.**

Enjoy this epic adventure starring a spirited teen who sets sail on a daring

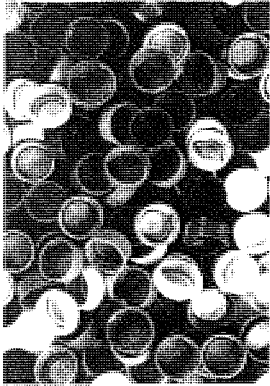

mission to save her people. Along the way, she meets a once mighty demigod and together

they cross the ocean on a fun-filled, action-packed voyage.

The film is based on stories from Polynesian Mythology and is rated **PG** for peril, some scary images and brief thematic elements.

Keep Saving Those Plastic Bottle Caps!

The response to our request for plastic bottle caps for Summer Reading Club has been fantastic! Thank you!

The Whitewater Boy Scout troop has adopted this as a project and have been collecting caps in a basket at the Whitewater Pizza Place.

The RHS National Honor Society students are considering it as a project, as well.

Many, many individuals have been collecting since the request appeared on Facebook and in the Whitewater newsletter.

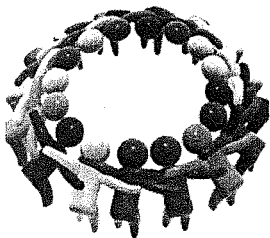

Here's what we need: hundreds and hundreds

of clean, plastic caps of all colors and sizes.

Think water, soda, health and beauty, milk, juice, vinegar, etc.

Bring them to the library or Pizza Place at your convenience. We will be collecting, for sure, through the end of May.

Summer Reading Club: Building our Community

This summer we would like to "build our community" as part of the "Build a Better World" theme.

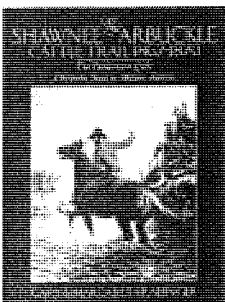

Would you share your gift of creativity with others? It could be in a formal setting (like a class at the

library) or an informal setting like sitting in the recliner at the library and knitting, answering questions from patrons and maybe showing someone how you do what you do. Perhaps you do calligra-

phy, play chess, write poetry or weld. Maybe you are very proficient at using an iPhone and could give a few tips.

The sky is the limit. Contact us.

April 3, 2017 meeting

April 3, 2017 "Children of the Promised Land" Angela Bates, Executive Director of the Nicodemus Historical Society. Sponsored by Kansas Humanities Council.

Meeting at the Remington High School at 7:00 p.m.

Nicodemus, a small unincorporated town in Graham County, Kansas, is the only remaining western town that was established by African Americans during the Reconstruction Period following the Civil War. In this pictorial history, Angela Bates explores the unique experiences of the children of Nicodemus who were the first members of their families born free from the physical and psychological effect of slavery. The discussion will explore the stories of children conceived in slavery but born free, the experiences of mothers during this transitional time, and how baby names were changed or used to reflect attitudes about free-born children.

Whitewater Lions Club

Hello friends,

We are holding a membership drive this spring for our **Whitewater Lions Club**. You are cordially invited to our Annual Membership Meeting at the Centre Point Church 6:30 PM, Monday, April 10, 2017. **Where there is a need, there is a Lion!** Lion's Club International is the largest service club organization in the world. Our 1.4 Million members perform valuable services in 210 countries around the globe. Lions are friends, family and neighbors who share a core belief:

Community is what we make it!

2016 was a busy and productive year for the Whitewater Lions Club. With the help of our members and volunteers, we had a fund raiser during the spring that funded scholarships for three Remington High School graduating seniors. During the fall, the Whitewater Lions Club helped with the Whitewater Fall Festival by organizing the parade that welcomed home Lewis Wagnor, a veteran hero from Whitewater who was killed during Pearl Harbor on December 7, 1941. Your local Lions sponsor an annual community raffle during the Fall Festival in which all the proceeds are used to help local school children with eye glasses. Each winter the local Lions, along with the Whitewater Chamber of Commerce, purchase a Christmas tree that is placed at the intersection of Topeka & Main Streets here in town. During the Community Tree Lighting the Whitewater Lions host a dinner to raise funds for our community. Whitewater Lions Club members are also involved in our local food bank and recently organized a food drive with the local churches. The Whitewater Lions Club also participate in the "Adopt-a-Highway" cleanup along Highway 196.

We want to remind everyone of our recycling bin by the Bank of Whitewater parking lot. This recycling bin is for aluminum cans and is one of our best fund raisers. If you are not currently recycling, it is a great opportunity to start and also help your community. For all who are currently using the recycle bin, we want to say "THANK YOU!"

We believe the world gets better and problems get smaller when people unite to serve in our local communities. ***Join us and make a difference!*** As a Lion, you will join a local group of service minded men and women who are working together to strengthen our community. ***Be the difference in your community!*** Become a Lion! To say thank you for attending this membership meeting the Whitewater Lions Club will even pay for your dinner!

We look forward to seeing you and thank you for your consideration!

Leon Koehn, President
Whitewater Lions Club

THE CITY DUMP

IS NOW OPEN

FROM DAWN TO DUSK

FIGHT FOR AMERICA.

James Thompson is a fighter.

Born into poverty, even experiencing homelessness, James has known adversity. A teacher encouraged him to get an education to improve his life, so he joined the U.S. Army. After serving his country in the Presidential Honor Guard, he used the G.I. Bill to get his degree from Wichita State and a law degree from Washburn Law. Since then, he's fought tirelessly as a civil rights attorney in Wichita.

James will fight for your job.

We need to protect our aviation manufacturing workers and farm community, while making advances to encourage and diversify investment in our community. James will fight the D.C. insider establishment and bring jobs to build our infrastructure.

James will fight for your rights.

It doesn't matter who's in the White House. The attacks on our Constitutional rights stop now. The rule of law and equal justice reign supreme. James believes in the entire Constitution, including your First Amendment right to organize, the right to make your own healthcare choices and your Second Amendment rights, which shall not be infringed.

James will fight for veterans.

As a veteran, James knows the sacrifices of our men and women in uniform. He will be their voice to drastically and immediately improve their health and post-military employment opportunities.

Council meetings the 4th Monday of each month at 7:00 p.m. at the City Building, open to the public. Mayor: Patrick Ryan, Council: Derek Klaassen, Dennis Nelson, Dan Ravenscraft, Bill Reynolds, Lyle Thorne

March 27, 2017

Connie Detwiler was present to talk about the Farmer's Market they will be having beginning April 8th and every other Saturday after that until the end of the season. It will be in front of Centre Pt Church, under the awning area. Parking in front of the area will be blocked off so that people can view the items offered for sale. Booths will be \$10 and the profits from sale of the booths will be given to two non-profit groups.

Chris Young, the engineer for the waterline relocation project, was present to discuss the progress that has been made. The bid from Nowak Construction was accepted for the project. This project is being reimbursed by KDOT and all documents are in place for the reimbursement. This will place our water line in the 7' utility corridor as set up by KDOT.

Kirk Young was present to ask about summer mowing. He was asked to pick up an application for summer help.

The possibility of asking for a .5% to 1% additional sales tax on the November ballot was discussed. More information will be gathered for further discussion in April.

April is Fair Housing Month as well as Child Abuse Prevention Month. The council voted to adopt both.

Don Berg reported that the bridge work on Highway 196 has not affected our water lines and should not be a problem now. Work has been done on the well lanes as a backup. Two bids for a 725D Grasshopper were presented. The lowest bid was accepted. Contract mowing was discussed. It was decided to rather hire someone for the entire baseball season, April through August.

The Health & Safety Officer will be contacted and asked to work on two properties in town to see if the owners will fix what is needed to make them livable or if they need to be torn down.

There being no further business council was adjourned.

You've asked for it and it has finally arrived.

Library patrons now have the option of paying for items like faxes, fees and Book Nook items with **credit and debit cards**.

Accepted credit cards include:

Visa

Master Card

Discover

American Express.

Payment can be made by credit or debit card through the eGovernment service provider

Kansas.gov

The option to pay by **cash or check** is still available.

The service in use is called KanPay Counter and is specifically designed for state and municipal governments to process credit and debit card payments.

Where retail merchants build the credit card service fee into their product price, the library does not.

The 2.5% credit card service fee will be added on to the charge and patrons

will be able to see that charge on their statement.

For instance, on a \$10 charge the service fee will be 25c.

For more information, stop by the library and visit with a member of the library staff.

Monopoly Game Day a Success!

Thirty children and adults came to play Monopoly at the library on March 18.

Seven competitions lasted most of the morning.

Hotly contested Monopoly games included KU, Empire, Original, Star

Wars and 2000 Millennial.

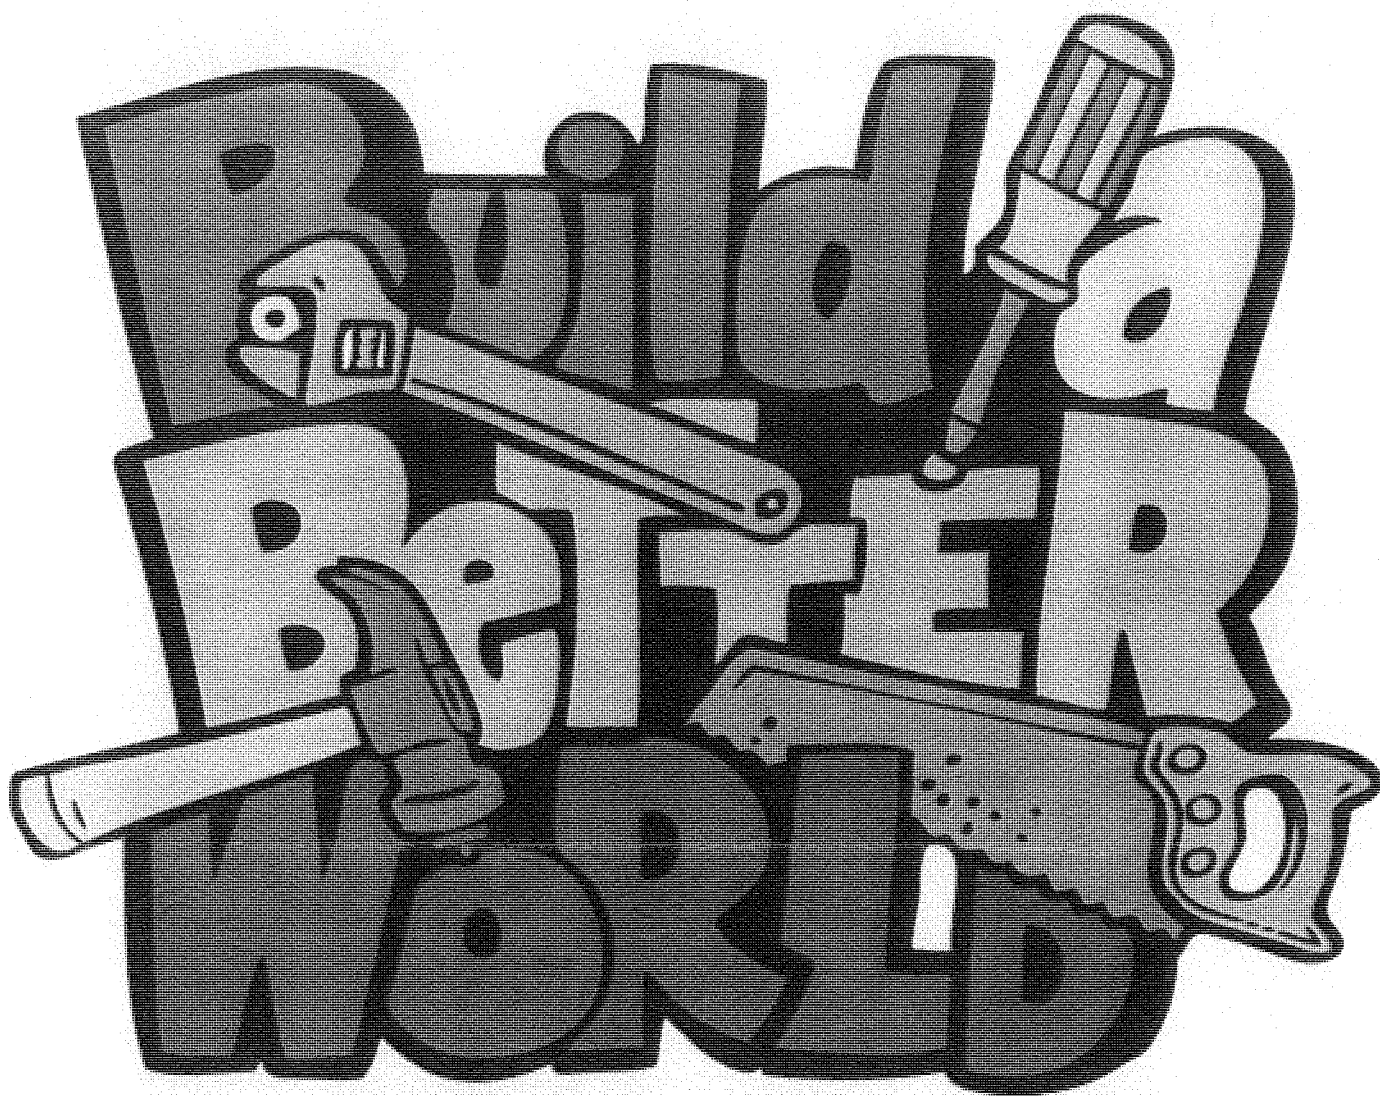

Even some of the adult coloring books were in use!

Thank you to our table hosts:

NORTH BUTLER 4-H

Parent's night was called to order for North Butler 4H by Peggy Henley. The meeting was held on March 13, 2017. Officer's parents were in charge of the business meeting. Sixteen members were present with their parent answering roll call to "my favorite drink is"... Members who completed last month's challenge to finish their personal page for record books received a special treat. Several parents took part in the program for the evening. Debbie Creekmore lead the club in singing "Boom-Chick-a-Boom". Stephanie Regier told about showing her cow and sheep in her Nebraska 4H club. Her club was the only one in her county. She said 4H teaches how to overcome problems and is worth the hard work. Katie Busenitz talked about horse and goat showmanship. She did not have a horse but found a club where she could borrow one. She served as president, secretary and news reporter. She encouraged members to become an expert on their projects and learn as much as possible about it. She said that work can be fun. Debbie Creekmore provided talent with a piano solo titled "The Lonely Goat Herd" from The Sound of Music. The group finished the evening with a craft led by Lori Gobel. Pictures of sea life were colored and made into table decorations for Wheat State Manor in Whitewater. Our next meeting will be on April 10, 2017 at 7:00 P.M. with the Eldorado Booster 4H Club.

Current animal tags expire May 31, 2017. If you already have a new tag, thank you. If you are in need of a new tag and find it difficult to come to the City Office during the day you may request the tags needed by placing this form in the drop box at the city building or mailing to PO Box 149, tags will be returned to you. Please use the form below to make your request. A proof of rabies and spay or neuter will need to be included with the request as well as payment. A tag for a spayed or neutered animal is \$5.00. It is \$10.00 for one that has not been spayed or neutered. Pictures of your animals can be dropped off, mailed, or emailed to cityofwhitewater@sbcglobal.net. This would help with identification.

April 24, 2017

Bob Bartlett was present to discuss the ATV ordinance and adding UTV's, Golf Carts and Micro Trucks with a new ordinance. Bill Reynolds (Dan Ravenscraft) so moved, carried.

Darryl Hill was asked that council consider adding another non voting member to the Recreation Commission and that this member be able to be either from in town or in the country. The attorney will be contact to draft this ordinance for May council.

It was also asked that Scott Ryan be approved to serve on the Recreation Commission. Bill Reynolds (Dan Ravenscraft) moved to approve Scott Ryan in this position. Motion carried.

A update was given on the question of an additional Sales Tax. Dennis Nelson (Ly le Thorne) moved to put the request for an .5% sales tax on the November ballot. Motion carried. This increase would be designated as to how it can be used.

Don Berg reported that the water line move in the area of the bridge project on Highway 196 was progressing. It was reported that the Fire District had exercised all the fire hydrants in town recently. It may become necessary to replace a few at time as parts are getting difficult to find. A bid was presented from Wray Roofing for work on the sky lights in the fire bays. Dan Ravenscraft (Lyle Thorne) moved to accept this bid. Motion carried. The street work is scheduled to begin Thursday or Friday this week. Some drainage problems were discussed and will be worked on when it is possible due to the weather.

It was reported that prior to spring clean up letters had been sent to some property owners encouraging them to take advantage of this opportunity to clean up around their properties. Summer help was discussed next. Applications have been received. The salvage yard on North Main was discussed as things still need to be cleaned up more as everything is to be behind fencing. It was stated that fines need to be assessed. Informationg regarding the removal of junk vehicles will be in the city newsletter in May.

There being no further business council was adjourned.

NORTH BUTLER 4-H

"My favorite food is. . ." was the role call answered by thirteen members of the North Butler 4H group on April 10, 2017. This was an exchange meeting with the El Dorado Booster 4H Club who had seven members present. Shelby Henley welcomed the Boosters. The visiting club held their portion of the business meeting and program first. Two members shared an Easter poem and an illustrated talk about tigers.

After the business meeting for North Butler, club member Desiree Ingalsbe demonstrated how to make string art wall decorations using nails and thread. Shelby Henley shared with the club about her Buymanship project and showed her dress that she modeled last summer. Club leader, Debora Claassen, rewarded members of both clubs for sharing progress made on projects for the fair.

Next meeting will be 7:00 PM on May 8, 2017 at Emmaus Church near Whitewater. Anyone is welcome to visit.

For additional information, contact the library and keep checking the website and Facebook.

NEW THIS YEAR!

Summer Reading Kickoff Event on Monday, June 5 from 5:00 - 7:00 pm

You won't want to miss it!

(Hint: It requires a spoon)

RHS Students "Cap" Off the School Year With Community Service

Eleven students and their sponsor, Mr. James Hilts, from Remington High School spent the morning recently helping out at the library.

They applied two coats of concrete sealer to the floor at the back of the library, painted TP tubes, assembled popcorn boxes and brown bag booklets and painted most of the library playground equipment.

The most time-consuming job, however, was sorting

the plastic caps being collected for Summer Reading Club. Four students, with occasional help from a few others, spent approximately two steady hours at this job.

Thank you, RHS!

Available Now: Newspapers for Mulch First Come, First Served

We've received requests in recent years for old newspapers to be used for mulch.

This year we've been sav-

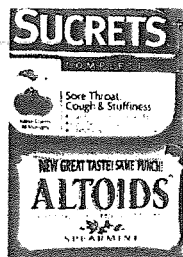

ing newspapers for just that purpose instead of taking them to recycling.

If you would like newspapers for mulch, we will

have some on hand until Wednesday, May 17, when the recycling trailer comes to Whitewater.

First come, first served.

We're Collecting Again: Small Tins of All Shapes

The Whitewater Library is partnering with the Burns Public Library to collect Altoids and Sucrets tins (or other small tins of any shape) for their Summer Reading Program.

Please bring your clean, empty tins to the Whitewater Library or the Burns Library.

A little known fact, perhaps, is that the Director of the Burns Library is

one of our very own library patrons, Sandy Jenkins.

Sandy and her husband have children in the Remington school system.

PRESS RELEASE

May 8, 2017

Donald L. Patry, Chairman of the Board of the Bank of Whitewater announced this week that after 27 years of his family's involvement, the current owners of the bank have agreed to sell their interests to Vintage Bank Kansas. Vintage Bank Kansas is owned by Vintage Bancorp, Inc., which is owned by Wink and Libba Hartman and Steve Worrell, the principals of Vintage Bancorp, Inc. The sale is subject to regulatory approval by the State Bank Commissioner's Office and the Federal Deposit Insurance Corporation, and the Federal Reserve Bank.

Patry stated the current owners wanted to find new owners committed to the philosophy of community banking and customer service that have been the foundation of the Bank of Whitewater since its beginnings on April 3rd, 1891. Bank of Whitewater is the oldest bank in Butler County, Kansas. Patry believes Vintage Bank Kansas, which currently has branches in Benton, Conway Springs, Leon, Peabody, Wichita, and one to open soon in El Dorado, Kansas, will ensure the continuation of the bank's commitment to its customers and the community, as well as a commitment to the existing staff.

Brandon Patry, President of the bank, said every effort will be made to ensure the transition is as seamless as possible for customers, and that all current employees of the bank will remain in place. Brandon indicated he was excited about the opportunities the sale would give the bank and its customers, saying "The merger will allow the bank to provide more services to current customers, take on new customers, and handle larger lines of credit for the further development of our community."

Steve Worrell, CEO of Vintage Bank, and Chairman, Wink Hartman, have both expressed their pleasure at the acquisition of the bank and emphasized their desire to continue the bank's tradition of safety and soundness, as well as its service and commitment to customers and the community. Worrell said "I look forward to continuing and expanding the services we can offer to the bank's customers."

Worrell has worked for many years in banking, and grew up in rural Butler County. Worrell's family was involved in agriculture and his father was an auctioneer. Worrell stated that the new owners look forward to serving all the needs of the community, whether they be agricultural or otherwise.

It is anticipated the sale will close later this year.

Current animal tags expire May 31, 2017. If you already have a new tag, thank you. If you are in need of a new tag and find it difficult to come to the City Office during the day you may request the tags needed by placing this form in the drop box at the city building or mailing to PO Box 149, tags will be returned to you. Please use the form below to make your request. A proof of rabies and spay or neuter will need to be included with the request as well as payment. A tag for a spayed or neutered animal is \$5.00. It is \$10.00 for one that has not been spayed or neutered. Pictures of your animals can be dropped off, mailed, or emailed to cityofwhitewater@sbcglobal.net. This would help with identification.

CITY OF WHITEWATER ANIMAL CONTROL REGULATIONS

Animals means all vertebrate and invertebrate animals such as but not limited to bovine cattle, horses, hogs, goats, dogs, cats, rabbits, sheep, chickens, ducks, geese, turkeys, pigeons and other fowl or wild animals, reptiles, fish, bees or birds that have been tamed, domesticated or captivated.

2-112. Noisy Animals. The keeping or harboring of any animal which by loud, frequent and habitual barking, howling, yelping, mewling, roaring or screeching shall disturb the peace of any neighborhood is hereby prohibited. It shall be the duty of any person harboring or keeping such loud or noisy animal or animals to abate the condition, and if he or she fails to do so, the city may abate it by taking up, impounding and/or disposing of the animal at the expense of the owner.

2-116. Running at large. It shall be unlawful for any person to willfully allow any animal or fowl under his or her control to be or to run at large within the city. An animal or fowl found at large shall be impounded as provided in Section 2-117 or 2-206.

AT LARGE means to be outside of a fence or other enclosure which restrains the animal at a particular premise or not under the control, by leash or lead, of the owner or other authorized person capable of restraining the animal.

2-201. Registration and vaccination required. Every owner of any dog or cat three months old shall annually register with the City Clerk his or her name and address with the name, sex and description of each dog or cat owned and kept within the city. It shall be unlawful for the owner of any newly acquired dog or cat or any dog or cat brought into the city to fail to register such animal within 30 days from acquisition or bringing the dog or cat into the city. It shall be unlawful for the owner of any previously registered cat or dog to fail to maintain current registration of such dog or cat.

Upon registration the owner shall present a current, completed certificate of immunization against rabies. No registration shall follow without evidence of this document, and it shall be unlawful for the owner of any dog or cat over six months of age to fail to maintain effective rabies immunization of such dog or cat.

The owner or harbinger of any dog or cat shall, at the time of registering such dog or cat, present to the city clerk a certificate from an accredited veterinarian showing that a male cat or dog has been neutered or a female dog or cat has been spayed, if the animal has been neutered or spayed.

The city clerk shall collect an annual registration fee of \$5.00 for each neutered male and for each spayed female dog or cat, and \$10.00 for each unneutered male and for each unspayed female dog or cat.

The registration year shall be from June 1st through May 31st of the following year.

When a dog or cat is registered, the city clerk will issue a tag for the animal. This tag must be attached to the dog or cat's collar. If a tag is lost during a registration period, a duplicate tag will be issued for a fee of \$1.00.

The fine for a dog without a current tag is \$10.00, plus court costs of \$51.00. The fine for a dog running at large is \$15.00, plus court costs of \$51.00. For the second and all subsequent offenses, the fine is \$50.00, plus court costs of \$51.00.

Please make sure your pet is current on their rabies vaccination and city tag. It is important for their safety and the safety of those they come in contact with. If you are bitten by an animal please use the contact information below to report it as soon as possible so that the proper steps can be taken.

Whitewater Animal Control Officer James Ellis 799-2509.
Whitewater City Office 799-2445

Current animal tags expire May 31, 2017. If you already have a new tag, thank you. If you are in need of a new tag and find it difficult to come to the City Office during the day you may request the tags needed by placing this form in the drop box at the city building or mailing to PO Box 149, tags will be returned to you. Please use the form below to make your request. A proof of rabies and spay or neuter will need to be included with the request as well as payment. A tag for a spayed or neutered animal is \$5.00. It is \$10.00 for one that has not been spayed or neutered. Pictures of your animals can be dropped off, mailed, or emailed to cityofwhitewater@sbcglobal.net. This would help with identification.

Animals means all vertebrate and invertebrate animals such as but not limited to bovine cattle, horses, hogs, goats, dogs, cats, rabbits, sheep, chickens, ducks, geese, turkeys, pigeons and other fowl or wild animals, reptiles, fish, bees or birds that have been tamed, domesticated or captivated.

2-112. Noisy Animals. The keeping or harboring of any animal which by loud, frequent and habitual barking, howling, yelping, mewling, roaring or screeching shall disturb the peace of any neighborhood is hereby prohibited. It shall be the duty of any person harboring or keeping such loud or noisy animal or animals to abate the condition, and if he or she fails to do so, the city may abate it by taking up, impounding and/or disposing of the animal at the expense of the owner.

2-116. Running at large. It shall be unlawful for any person to willfully allow any animal or fowl under his or her control to be or to run at large within the city. An animal or fowl found at large shall be impounded as provided in Section 2-117 or 2-206.

AT LARGE means to be outside of a fence or other enclosure which restrains the animal at a particular premise or not under the control, by leash or lead, of the owner or other authorized person capable of restraining the animal.

2-201. Registration and vaccination required. Every owner of any dog or cat three months old shall annually register with the City Clerk his or her name and address with the name, sex and description of each dog or cat owned and kept within the city. It shall be unlawful for the owner of any newly acquired dog or cat or any dog or cat brought into the city to fail to register such animal within 30 days from acquisition or bringing the dog or cat into the city. It shall be unlawful for the owner of any previously registered cat or dog to fail to maintain current registration of such dog or cat.

Upon registration the owner shall present a current, completed certificate of immunization against rabies. No registration shall follow without evidence of this document, and it shall be unlawful for the owner of any dog or cat over six months of age to fail to maintain effective rabies immunization of such dog or cat.

The owner or harbinger of any dog or cat shall, at the time of registering such dog or cat, present to the city clerk a certificate from an accredited veterinarian show that a male cat or dog has been neutered or a female dog or cat has been spayed, if the animal has been neutered or spayed.

The city clerk shall collect an annual registration fee of \$5.00 for each neutered male and for each spayed female dog or cat, and \$10.00 for each unneutered male and for each unspayed female dog or cat.

The registration year shall be from June 1st through May 31st of the following year.

When a dog or cat is registered, the city clerk will issue a tag for the animal. This tag must be attached to the dog or cat's collar. If a tag is lost during a registration period, a duplicate tag will be issued for a fee of \$1.00.

The fine for a dog without a current tag is \$10.00, plus court costs of \$51.00. The fine for a dog running at large is \$15.00, plus court costs of \$51.00. For the second and all subsequent offenses, the fine is \$50.00, plus court costs of \$51.00.

Please make sure your pet is current on their rabies vaccination and city tag. It is important for their safety and the safety of those they come in contact with. If you are bitten by an animal please use the contact information below to report it as soon as possible so that the proper steps can be taken.

Whitewater Animal Control Officer James Ellis 799-2509.
Whitewater City Office 799-2445

Current animal tags expire May 31, 2017. If you already have a new tag, thank you. If you are in need of a new tag and find it difficult to come to the City Office during the day you may request the tags needed by placing this form in the drop box at the city building or mailing to PO Box 149, tags will be returned to you. Please use the form below to make your request. A proof of rabies and spay or neuter will need to be included with the request as well as payment. A tag for a spayed or neutered animal is \$5.00. It is \$10.00 for one that has not been spayed or neutered. Pictures of your animals can be dropped off, mailed, or emailed to cityofwhitewater@sbcglobal.net. This would help with identification.

Community Cleanup Day A Clean Sweep

Nine people answered the call to Build a Better Community on Friday, June 30.

They canvassed the entire block that contains both ball diamonds and the Scout House and picked up trash.

Several bags of trash and cans later the area looked

very clean and inviting and now presents a picture to visitors and residents that Whitewater is a great place to live, work and visit.

Thank you to:

From Trash to Treasure: Plastic Lids Transform the Library

Remember those plastic lids so many of you have been collecting for months?

Summer readers are beginning to create with them!

The picture to the far right shows the partially completed **curtain** in the southeast window of the library.

The other picture is a **Junk Art Sculpture**

made by teens David & Patrick Graham. (See the lids on the lower half?) It isn't named yet and is now standing guard in front of the library.

Currently, there is a **cap collage** in progress that is about half done.

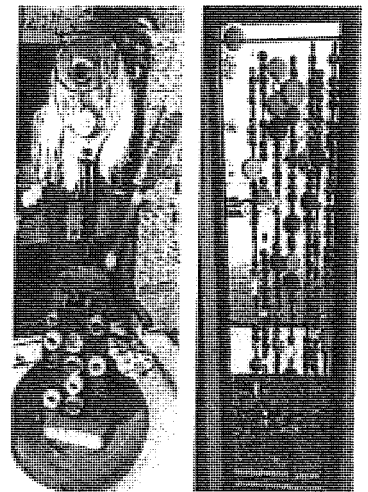

Stop by the library and add to the collage. It's more fun than you think and, actually, quite addicting!

Thank you ALL for collecting for us! Besides all of the families and individuals involved, we are aware of these groups who collected:

WW Cub Scouts

Furley United Methodist Church

RHS National Honor Society

Remember!

Summer Reading ends Saturday, July 22, 2017

Convenience Store area at the Bakery

The City of Whitewater has awarded us, Sweet Sugar Sensations Bakery, a business development grant. This grant is intended to develop business within the city and cure an underserved need within our community.

Given those guidelines, we are in the process of purchasing a cooler and a dry grocery storage area with plans on setting up a small grocery area within the bakery. The bakery will carry staples such as, but not limited to, eggs, butter, milk, flour, sugar, lunch meat, cheese, etc.

We would like your input, since this will provide an additional service to our community. What grocery items would you like to see stocked at the bakery. Please keep in mind that this will be a convenience type store not a full grocery store.

Items that I would like to see stocked at the store:

Thank you for your feedback. Please drop this off at the bakery before August 1, 2017, Monday thru Saturday between 6:00 am and 4:00 pm

Thank you,

Kristeen Gilbertson

On Aug. 21, a total solar eclipse will be visible from the contiguous United States **for the first time since 1979**, and it will be the first time the path will cross the U.S. from coast to coast since 1918.

The dark shadow of the moon - the umbra - will arrive along the coast of Oregon at 10:15 a.m. local time.

From there, the moon's shadow is going to race from coast to coast across the United States. That's a distance of almost 2,500 miles, from Oregon to South Carolina and it will take the umbra just 94 minutes to travel that distance.

That works out to nearly 27 miles per minute or about 1,600 mph - about three times faster than a com-

mercial jetliner.

That's why, along the path of totality, the sun will appear completely covered for no more than 160 seconds.

Although most of Kansas will not be able to see the TOTAL eclipse, it is still worth the time and effort to view the partial eclipse from **11:36 am - 2:32 pm** on Monday, August 21, with 90% of the sun cov-

ered at approximately 1:04 pm.

Can't get outside to see the eclipse? Watch live streaming coverage online at NASA, Slooh, Exploratorium, ABC, CNN and Volvo, Science Channel, Virtual Telescope Project. Or download an eclipse app.

Check the library bulletin board and resources for more information.

HOW TO LOOK AT THE SUN AND NOT GO BLIND

DO NOT look directly at the sun. Unfiltered sunlight will damage your eyes and could cause permanent blindness. Sunglasses will not provide sufficient protection. **ONLY** look at the sun through an approved solar filter. Even safer is to observe indirectly by projecting the sun's image with a pinhole or binoculars.

SAFE SOLAR VIEWING

- "Eclipse" glasses or welder's goggles rated 14 or higher
- Specially designed solar telescopes or solar binoculars
- Telescopes, cameras and binoculars **WITH** approved solar filters
- Pinhole projector

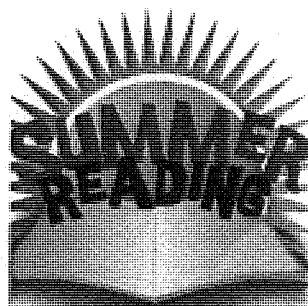

A card with a small hole punched in it will project an image of the sun

A pair of binoculars will also project a solar image. Leave the lens cap on the unused side.

NORTH BUTLER 4-H

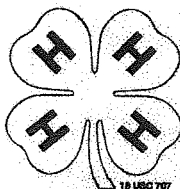

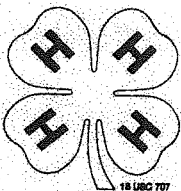

The annual club tour for the North Butler 4H group started at the home of Carlen Busenitz on July 10, 2017. Thirteen members were able to attend.

Eben and Silas Busenitz gave project talks on woodworking. Next, Thomas, Jeremiah and Lucy Goebel told members about their projects in needlepoint. Chase Artz showed pictures of his bucket calf. Next stop was the home of Michael Miller where Austin and Colton Miller showed their bucket calves. The final stop of the tour was the home of Dean Ingalsbe where Desiree Ingalsbe showed her drawings, goat soap, horses and dairy goats.

Everyone enjoyed a sack lunch and the tour ended with a swim in the pool.

Next meeting will be August 6, 2017 at Emmaus Church. We will meet at 6:00 PM to enjoy pizza.

NORTH BUTLER 4-H

Did you ever wonder how to wash a chicken? Well, Sage Greenbriar gave a demonstration, using a stuffed chicken, to the North Butler 4H group on August 14, 2017. Thirteen members were present and answered roll call of "My Favorite Shoe is..." Club members learned that chickens like a warm, soapy bath. Their feet are cleaned with an old toothbrush and they are rinsed in vinegar to remove all soap. Vaseline is applied to their waddle and comb to bring out the color. You can trim their toenails and then wrap them in a dry towel like a burrito to dry. Maybe next time he will show us using a real chicken! We also had project talks by Colton Miller and Austin Miller, both showing shelves they had made. Several members went to Wheat State Manor in Whitewater and talked to the residents about their projects. Makenzie Creekmore led the club in singing "Take Me Out to the Ballgame." North Butler is proud to win several Herdsman Awards at the fair this year. The club won first place in Dairy Goats, second place in Bucket Calves and third place in Beef. Lucy Goebel gave a Parliamentary Report on the gavel and how it is used in club meetings. The last project talk for the night was given by Jeremiah Goebel on his purple ribbon needlepoint coaster set. The last club meeting of the 4H year will be on September 11, 2017 at the Emmaus Church.

August 2017

Dear Members and Friends of the Furley Church,

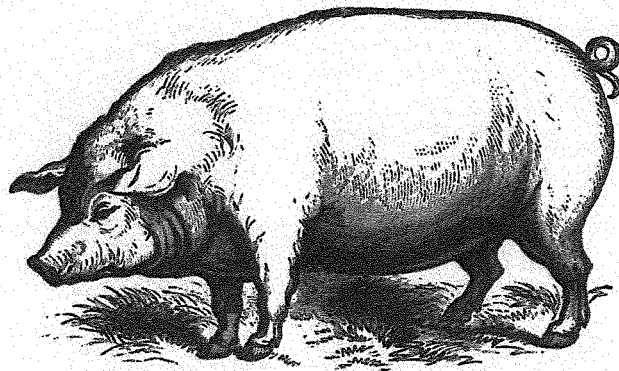

The Furley United Methodist Church Family extends a special invitation to you to join us as we praise God for these 130 years of serving God in the Furley area. At Furley, we continue to live into those roots planted so long ago as we gather as the Family of God every Sunday. We hope that as a part of our church family that you will share your gifts and talents during this historical celebration. Whether you have a song in your heart or a story of faith to share, mark your calendar and make sure you are here for this special service of worship of our God and a celebration of this community of faith! The celebration will begin in the Sanctuary on September 17, 2017 at 10:45 am. We will then return in the afternoon and have a wonderful time of fellowship and praise at 3:00 pm, followed by Anniversary cake and cookies! Over the years, the Lord has sent many faithful and gifted people to carry on the ministry of the Furley United Methodist Church. This church has been blessed with dedicated pastors who are passionate about sharing God's love, each offering his/her own unique approach to worship and administration, but each seeking to add value and strength to the congregation. We will celebrate all the ministries during this special day. Pastors and family members of pastors, you would bless us if you could be with us on this special day. We appreciate all that you have done for this community of faith. Our 130th Anniversary Homecoming will be an exciting day filled with good singing, God's Word, preaching and lots of fun, food, and fellowship. The Committee would like you to write down your thoughts about "What Furley Church Means to Me" and either drop it in the offering plate prior to Homecoming, email it to the church, brownkr@cox.net, or mail it to the Furley UMC, 11400 E. 101st St., Valley Center, Kansas 67147. We want to hear your story! We also want to know about your fond memories of the Furley church family. If you are unable to be with us on this special Sunday, we hope that you will be in prayer for this celebration. Please send us a note and let us know how you are doing! Please participate by sending us a story of your journey of faith that happened here at Furley UMC. You are an important part of the family of God and we thank God for all the people across the centuries who have been a part of our community of faith, hope, and love! Looking forward to another 130 years of ministry,

Blessings to you,

September 25, 2017

A new 5 year contract with Waste Connections for refuse service was passed.

The addition of a fence requirement for the keeping of chickens was discussed and agreed to be added.

Information regarding the current cell tower lease was presented.

Mark Wacławski was introduced as the new officer assigned to Whitewater. Junked and inoperable vehicles were mentioned by the council to Officer Wacławski. He asked that a notice be put in the city newsletter to give owners a chance to clean them up.

Don Berg reported that the car wash was back in working order. Also that the annual sewer cleaning had been done without any issues. A water main break on North Oak had been repaired. A new valve is needed at the lagoons, This is still being looked into. Mr. Berg also reported that he had passed his waste water certification exam. A bid from Graber Backhoe was presented for dirt and bridge work. This bid was accepted.

Don Berg asked that S. Maple Street be abandoned. The council agreed to this request.

Vickie Beck was present to make sure that an officer would be available for the 5K run at the festival, as has been done in the past.

Mayor Ryan stated that he will be attending the Chamber of Commerce meetings so that the information can be shared as needed.

I have a feeling that more people helped with these

library events while I was at other festival venues so, if you did, thank you!

**Thank you,
Volunteers!**

**WE APPRECIATE
YOU!!!**

Library Card Signup Month Was a Huge Success (and a Lot of Fun!)

As you may know, September was Library Card Signup Month and the library staff set a goal of 25 new library card holders.

We offered incentives for getting a card, referring someone for a new card and for reacting to our Facebook post.

We are happy to announce that we have 25 new library card holders!

New card holder, Keeson Entz, won the Amazon gift certificate.

The Whitewater gift certificate was won by Talon Blackfox, also a new card holder.

Betty Hansen, Kae Hirsch and April Licata each get a free hot beverage from our coffee corner or a free item from the Book Nook for their referral.

The following ladies won a whole year (Oct. 1, 2017 - Oct. 1, 2018) free of fines for responding to the Facebook post:

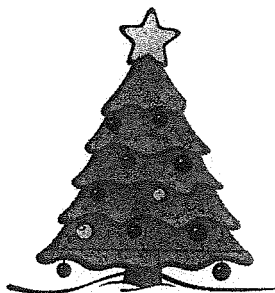

Marietta Graham
Marissa Maus
Kiley Barnes

Melissa Jensen
Christi Leewright-Patry
Kae Hirsch
Elizabeth Wiggins
LaCinda Foudray
Shawna Davis
Kris Janzen
Lavonda Bergeson
Connie Detweiler
Jennifer Margreiter

Many of you responded on our "I love my library because..." board. We have lots of favorites but one of them says, "...it's a place to grow the imagination and a place to pour out your feelings."

Make Tree Decorations For the Town Christmas Tree

Saturday, November 11, will be full of holiday events in Whitewater.

The **Holiday Market** at RMS will feature many vendors from 9:00 am - 3:00 pm. A **delicious**

lunch will be served from 11:00 am - 2:00 pm by the Lions Club.

The town **Christmas tree** will be set up at Main and Topeka.

Children are invited to

the library from 10:00 - 11:30 am to **make an ornament** for the town Christmas tree and an ornament to take home. Ornament-making is a free event at the library.

A HUGE "Thank you!" to...

...our donors! The businesses and individuals that contributed products or money.

...our volunteers! Those who donated their time to help with so many of the events.

...you! By attending the festival events, you are helping create the "unity" in comm-unity.

We would like your feedback as to what would make future festivals even better. Please contact a member of the committee: Sharon Entz, Darryl Claassen, Jean Thiessen, Betty Whitaker-Hansen, or Sandra Jensen.

Thank you from the Whitewater Lions Club

NOTICE

THIS IS THE CODE DEALING WITH JUNKED AND INOPERABLE VEHICLES.

PLEASE BE ADVISED ENFORCEMENT IS GOING TO BEGIN SOON.

ARTICLE 3. JUNKED MOTOR VEHICLES ON PRIVATE PROPERTY

- 8-301. FINDINGS OF GOVERNING BODY. The governing body finds that junked, wrecked, dismantled, inoperative or abandoned vehicles affect the health, safety and general welfare of citizens of the city because they:
- (a) Serve as a breeding ground for flies, mosquitoes, rats and other insects and rodents;
 - (b) Are a danger to persons, particularly children, because of broken glass, sharp metal protrusions, insecure mounting on blocks, jacks or other supports;
 - (c) Are a ready source of fire and explosion;
 - (d) Encourage pilfering and theft;
 - (e) Constitute a blighting influence upon the area in which they are located;
 - (f) Constitute a fire hazard because they frequently block access for fire equipment to adjacent buildings and structures.
- (Code 1990)

- 8-302. DEFINITIONS. As used in this article, unless the context clearly indicates otherwise:
- (a) Inoperable means a condition of being junked, wrecked, wholly or partially dismantled, discarded, abandoned or unable to perform the function or purpose for which it was originally constructed;
 - (b) Vehicle means, without limitation, any automobile, truck, tractor or motorcycle which as originally built contained an engine, regardless of whether it contains an engine at any other time.
- (Code 1990)

- 8-303. NUISANCES UNLAWFUL; DEFINED; EXCEPTIONS. It shall be unlawful for any person to maintain or permit any motor vehicle nuisance within the city.
- (a) A motor vehicle nuisance is any motor vehicle which is not currently registered or tagged pursuant to K.S.A. 8-126 to 8-149 inclusive, as amended; or parked in violation of city ordinance; or incapable of moving under its own power; or in a junked, wrecked or inoperable condition. Any one of the following conditions shall raise the presumption that a vehicle is junked, wrecked or inoperable:
 - (1) Absence of a current registration plate upon the vehicle;
 - (2) Placement of the vehicle or parts thereof upon jacks, blocks, or other supports;
 - (3) Absence of one or more parts of the vehicle necessary for the lawful operation of the vehicle upon street or highway.
 - (b) The provisions of this section shall not apply to: (1) any motor vehicle which is enclosed in a garage or other building; (2) to the parking or storage of a vehicle inoperable for a period of 30 consecutive days or less; or (3) to any person conducting a business enterprise in compliance with existing zoning regulations or who places such vehicles behind screening of sufficient size, strength and density to screen such vehicles from the view of the public and to prohibit ready access to stored vehicles by children. However, nothing in this subsection shall be construed to authorize the maintenance of a public nuisance.
- (Code 1990)

- 8-304. PUBLIC OFFICER. The mayor with the consent of the city council shall designate a public officer to be charged with the administration and enforcement of this article. (Code 1990)

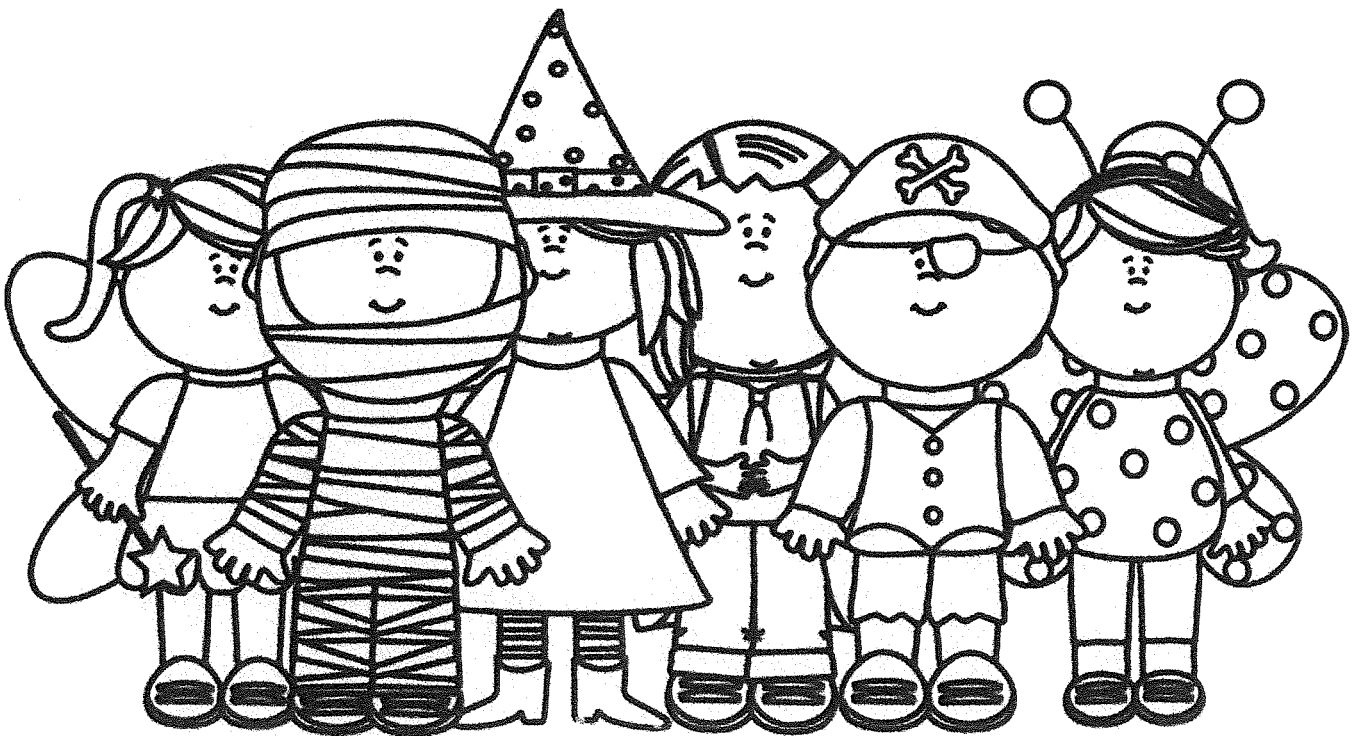

- 8-305. **COMPLAINTS; INQUIRY AND INSPECTION.** The public officer shall make inquiry and inspection of premises upon receiving a complaint or complaints in writing signed by two or more persons stating that a nuisance exists and describing the same and where located or is informed that a nuisance may exist by the board of health, chief of police or the fire chief. The public officer may make such inquiry and inspection when he or she observes conditions which appear to constitute a nuisance. Upon making any inquiry and inspection the public officer shall make a written report of findings. (Code 1990)
- 8-306. **RIGHT OF ENTRY.** It shall be a violation of this article to deny the public officer the right of access and entry upon private property at any reasonable time for the purpose of making inquiry and inspection to determine if a nuisance exists. (Code 1990)
- 8-307. **NOTICE.** Any person, corporation, partnership or association found by the public officer to be in violation of section 8-303 shall be served a notice of such violation. The notice shall be served by restricted mail, postage prepaid, return receipt requested; provided, that if the owner or his or her agent in charge of the property is a resident of Harvey County, Kansas, the notice shall be personally served by the public officer or a law enforcement officer. (Code 1990)
- 8-308. **SAME; CONTENTS.** The notice shall state the condition(s) which is (are) in violation of section 8-303. The notice shall also inform the person, corporation, partnership or association that
- (a) He, she or they shall have 10 days from the date of serving the notice to abate the condition(s) in violation of 8-303; or
 - (b) He, she or they have 10 days from the date of serving the notice to request a hearing before the governing body of the matter as provided by section 8-312;
 - (c) Failure to abate the condition(s) or to request a hearing within the time allowed may result in prosecution as provided by section 8-309 and/or abatement of the condition(s) by the city as provided by section 8-310. (Code 1990)
- 8-309. **FAILURE TO COMPLY; PENALTY.** Should the person, corporation, partnership or association fail to comply with the notice to abate the nuisance or request a hearing the public officer may file a complaint in the municipal court of the city against such person, corporation, partnership or association and upon conviction of any violation of provisions of section 8-303 be fined in an amount not to exceed \$100 or be imprisoned not to exceed 30 days or be both fined and imprisoned. Each day during or on which a violation occurs or continues after notice has been served shall constitute an additional or separate offense. (Code 1990)
- 8-310. **ABATEMENT.** In addition to, or as an alternative to prosecution as provided in section 8-309, the public officer may seek to remedy violations of this article in the following manner. If a person to whom a notice has been sent pursuant to section 8-307 has neither alleviated the conditions causing the alleged violation nor requested a hearing before the governing body within the time periods specified in section 8-308, the public officer may present a resolution to the governing body for adoption authorizing the public officer or other agents of the city to abate the conditions causing the violation at the end of 10 days after passage of the resolution. The resolution shall further provide that the costs incurred by the city shall be charged against the lot or parcel of ground on which the nuisance was located as provided in section 8-313. A copy of the resolution shall be served upon the person in violation in one of the following ways:
- (a) Personal service upon the person in violation;
 - (b) Service by restricted mail, postage prepaid, return receipt requested; or

(c) In the event the whereabouts of such person are unknown and the same cannot be ascertained in the exercise of reasonable diligence, an affidavit to that effect shall be made by the public officer and filed with the city clerk, and the serving of the resolution shall be made by publishing the same once each week for two consecutive weeks in the official city newspaper and by posting a copy of the resolution on the premises where such condition exists.
(Code 1990)

8-311. **DISPOSITION OF VEHICLE.** Disposition of any motor vehicle removed and abated from private property pursuant to this article shall be as provided by K.S.A. Supp. 8-1102, as amended. (Code 1990)

8-312. **HEARING.** If a hearing is requested within the 10 day period as provided in section 8-308, such request shall be made in writing to the governing body. Failure to make a timely request for a hearing shall constitute a waiver of the person's right to contest the findings of the public officer before the governing body. The hearing shall be held by the governing body as soon as possible after the filing of the request therefore, and the person shall be advised by the city of the time and place of the hearing at least five days in advance thereof. At any such hearing, the person may be represented by counsel, and the person and the city may introduce such witnesses and evidence as is deemed necessary and proper by the governing body. The hearing need not be conducted according to the formal rules of evidence. Upon conclusion of the hearing, the governing body shall record its determination of the matter by means of adopting a resolution and serving the resolution upon the person in the matter provided in section 8-310. (Code 1990)

8-313. **COSTS ASSESSED.** If the city abates the nuisance pursuant to section 8-310, the cost of abatement shall be charged against the lot or parcel of ground on which the nuisance was located. The city clerk shall, at the time of certifying other taxes to the county clerk, certify the costs as provided in this section. The county clerk shall extend the same on the tax roll and it shall be collected by the county treasurer and paid to the city as other city taxes are collected and paid. (Code 1990)

NORTH BUTLER 4-H

The North Butler 4H Club meeting started out with a bang on October 9 as past president, Austin Broadie handed out candy to all new officers to start the new 4H year. Harley McLaughlin and Makayla Klingenberg led the flag salute and 4H pledge. A candy question was how many years have you been in 4H. Eleven members answered roll call. Members Renata Goossen and Cherokee Ragan are attending the National Horticulture Convention in Indianapolis, Indiana. Way to go girls! A group of 17 joined the worship service at Furley UMC on October 8 for 4H Sunday. After a potluck lunch, the group worked on a community service project. Members baked 12 dozen cookies for the United Methodist Open Door Homeless Mission. While the cookies baked, we shared favorite Bible verses, Bible stories and talent. It was a fun afternoon. Next meeting will be November 13 at Emmaus Mennonite Church which will be our achievement night.

30 Year Leadership of North Butler 4H Club

"I have great families to work with. They do their jobs and pitch in as needed so they make my job easy," says Debora Claassen, leader of the North Butler 4H Club. Debora received her 30-year pin for leadership. She started leading Foods when there was a need and when the position for Community Leader became open she was asked and accepted the job.

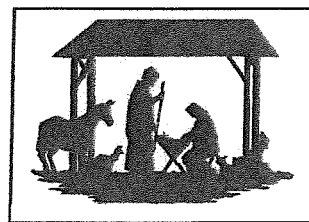

North Butler received its charter in 1934 with approximately 15 members. The club currently has 27 members. It has held meetings in homes, pleasant Acres School, Lone star School, Countryside School, Potwin Community House, Federated Church in Whitewater, Remington High School and currently at the Emmaus Mennonite Church in rural Butler County.

Debora learns about upcoming events and new information club members might be interested in from the 3H Newsletter or emails from the local 4H agent, Charlene Miller. Technology has been a good way to communicate.

Debora has many good memories of her years in leadership. She enjoys "watching the 4Her's succeed, whether it's winning a purple ribbon, Grand Champion, watching them do a good job with a 4H talk or getting a smile when I see them," she says.

The goal of North Butler each year is to fulfill the requirements for a purple seal. Very seldom has the club failed to achieve this goal. She remembers only one year the club did not receive this seal. When asked how much longer Debora wants to be a 4H leader she responded, "I say I'll keep doing as long as I'm having fun and am able to do a job to satisfy everyone and we have such good families to work with." As North Butler goes forward in year 31 with Debora, we will continue to be blessed by her leadership, knowledge and caring of each member. She has and continues to go above and beyond for her club. We're glad you're our leader. Thank you, Debora!

Can you help us find them?

Understanding the new RR warning lights

A new warning system has been installed for the railroad crossing on K196. It is different from most warning signals we might experience so an explanation may be necessary.

Discussion about an advance warning system at the crossing first started in 2008. This led to a meeting in 2010 in Whitewater attended by representatives of Kansas Department Of Transportation and Union Pacific Rail Road, Kansas Highway Patrol, a legislator from Topeka, County commissioners from Harvey and Butler, Harvey and Butler Sheriffs, and the local Fire Chief. A history of accidents at the crossing was presented. A need for an active rather than a passive warning system was recognized by all in attendance. The outcome of the meeting was an offer by KDOT to further study the situation. A camera was installed on a pole for that purpose.

Due to passage of time with no communication, local pursuit of a warning system was all but abandoned. However, in January of this year, a call was received from KDOT requesting another meeting in Whitewater. Attendees included similar representation as the prior meeting but without any railroad officials. Additional representation included a research firm retained by KDOT. Two researchers had spent two hours at the RR crossing that morning prior to the meeting and came with the exclamation, "Something needs to be done there!" The obvious hazard they observed was the inability in certain situations for drivers to brake in time for a train or backed-up traffic due to the blindness and degree of the hill west of the tracks. It was also noted that an active warning system would benefit local residents more than passing travelers – ones who are familiar with the deception of the hill but might cross the tracks 20 or 30 times and never see a train. Discussion of these factors was followed by a warning system proposal which is now in place.

Since UPRR was unwilling to participate in the construction of a warning system, KDOT assumed the provision of advance, active warning. The system involves a detection loop in the pavement which is hard-wired to amber lights beyond the crest of the hill. The design utilizes the most dependable technology with the least amount of required maintenance. It is not connected in any way to warning devices owned by UPRR. The warning system only applies to east bound traffic on K196. The system basically works as follows: 1) a vehicle stops at the crossing for a passing train, 2) the loop recognizes a stopped vehicle and activates the lights at the top of the hill to warn traffic which may follow. (Note: the hilltop lights may also be activated by the required stopping of a school bus or truck.)

Although the current warning system does not address all the concerns of local citizens, it is a system with obvious benefits. No warning system can replace the need for drivers to be vigilant and avoid distractions.
