the fixings
Sweet treats and coffee
by Cabin Pie Company

PLEASE
RSVP!

After being diagnosed with a rare and life-threatening illness (STEC-HUS) Jake spent 43 days in the hospital, many in critical condition. He's now home, but his recovery journey continues as he bravely battles Stage 4 kidney disease. This fundraiser and celebration is being held to honor Jake's incredible fight and to help ease the financial burden of: • Medical bills and hospital stays • Medications and ongoing treatments • Future therapies and interventions
