City Council Meeting Highlights from 9/23/24

- Longtime residents Bruce & Linda Dietler have rebuilt their home, and expressed respect and love for Whitewater.

They appreciate the efforts downtown and through Whitewater Lakes to bring more residents to the area. However they are concerned on certain areas throughout town where it appears others are not making the efforts to better the town which are showing significant areas of decline. The Dietlers are calling for the city to enforce the existing ordinances to improve community aesthetics and property values.

- Current Ordinances and our Code Book are being looked over by a company who specializes in city codes. Without a Public Officer to enforce the current codes the city must rely on the local community submitting Complaint Forms to help highlight those who are not compliant to our codes.
- The council was updated on the current status of the Water Tower maintenance schedule. The final installment of the contract is in 2025. All payments have been made to date, even for work that has not been completed yet.
- Resident McCoy is wanting the city to take down a tree located on an easement at his property. The council has determined that the property owner is responsible to have the tree removed.
- Unanimous vote to approve \$1200 for parts to repair water hydrants.
- Unanimous vote to approve \$4,4148.85 for replacement of parts and a water valve replacement through the services of Graber Backhoe.
- Discussion to purchase a new mower was tabled until next month to determine if prices will go up next year or if the purchase can wait until 2025.
- Unanimous approval of the Financial Report.
- Itemized Credit/Debit Card statements for each month will be presented to the council.
- The council would like a timeline for the updating and state compliance of our city codes so we will be able to look into hiring a 3rd party Compliance Officer or company. The city clerk will try to have that information for the council and public by next meeting.

All are welcome at City Council meetings.

Public Comment time is available; with a 5 minute limit per person near the beginning of each meeting.

To discuss a specific topic, please contact the City Clerk to be placed on the agenda.

NEXT MEETING: MONDAY, OCTOBER 28 @ 7:00PM
